

## XG SERIES PORTABLE GENERATORS

### XG SERIES: 4000 – 8000 WATTS

Generac's XG Series portable generators offer premium quality power, engineered for high performance using the Generac OHVI engine. Durable construction with oversized full-wrap frame tubing and impact resistant corners minimizes damage from rough handling. Heavy-duty, never flat rally-style wheels provide easy portability.

#### FEATURES:

- **Illuminated Control Panel** for improved visibility
- **Power Bar™** monitors wattage usage
- **Low-Oil Pressure Protection** to protect engine from damage
- **Covered Outlets** for more protection from the environment
- **Start/Stop Fuel Shut-Off and Choke Controls** conveniently located on control panel
- **GFCI Circuit Breaker** for added protection
- **Hour Meter** with maintenance resets tracks usage

### The power behind the performance

#### Generac OHVI® Engine

All models feature Generac's OHVI engine, which utilizes the same type of pressurized oil lubrication used to give automobile engines long and trouble-free lives and has a significantly longer life than competitive engines – an unprecedented three to four times longer.

JOB SITE • OUTDOOR EVENTS • HOME USE • CAMPING
